

City of Seattle

---

Gregory J. Nickels, Mayor  
**Department of Planning and Development**  
D. M. Sugimura, Director

**CITY OF SEATTLE  
ANALYSIS AND DECISION OF THE DIRECTOR  
OF THE DEPARTMENT OF PLANNING AND DEVELOPMENT**

**Application Number:** 2400295

**Applicant Name:** Missy Voter

**Address of Proposal:** 616 North 45<sup>th</sup> Street

**SUMMARY OF PROPOSED ACTION**

Master Use Permit to subdivide one parcel into four unit lots. This subdivision of property is only for the purpose of allowing sale or lease of the unit lots. Development standards will be applied to the original parcel and not to each of the new lots. The construction of two 2-unit townhouses is being reviewed under Project No. 2308760.

The following approval is required:

**Short Subdivision** - To subdivide one parcel into four unit lots.  
(SMC Chapter 23.24)

**BACKGROUND DATA**

Zoning: L3

Date of Site Visit: NA

Uses on Site: Single family residential

Substantive Site Characteristics: Midblock lot between Fremont and Evanston Avenues North a couple of blocks west of Aurora Avenue North and one block south of the busy west-to-east Market/46<sup>th</sup>/45<sup>th</sup> Streets corridor. L1 zoning across the street to the south. Many of the adjacent and nearby lots remain

in single family residential use. A new townhome development is located immediately to north. Site itself has a single family residence that will be demolished under the related townhome proposal.

### Public Comment

One comment letter received. It stated that there is a group of neighbors working to beautify the neighborhood by doing things such as planting trees in the parking strips; the group also hopes to reduce cut through traffic on side streets. It expressed a desire that the developer contribute to the group's discussions.

### **ANALYSIS - SHORT SUBDIVISION**

Pursuant to SMC 23.24.040, no short plat shall be approved unless all of the following applicable facts and conditions are found to exist.

1. *Conformance to the applicable Land Use Code provisions;*
2. *Adequacy of access for vehicles, utilities and fire protection, as provided in Section 23.53.005;*
3. *Adequacy of drainage, water supply, and sanitary sewage disposal;*
4. *Whether the public use and interests are served by permitting the proposed division of land;*
5. *Conformance to the applicable provisions of SMC Section 25.09.240, short subdivision and subdivisions in environmentally critical areas;*
6. *Is designed to maximize the retention of existing trees;*
7. *Conformance to the provisions of Section 23.24.045, Unit lot subdivisions, when the short subdivision is for the purpose of creating separate lots of record for the construction and/or transfer of title of townhouses, cottage housing, clustered housing, or single family housing, and*
8. *Conformance to the provisions of Section 23.24.046, Multiple single-family dwelling units on a single-family lot, when the short subdivision is for the purpose of creating two or more lots from one lot with more than one existing single-family dwelling unit.*

### Summary - Short Subdivision

Based on information provided by the applicant, referral comments from DPD, Water (SWD), Fire Departments (SFD), Seattle City Light, and review by the Land Use Planner, the applicable above-cited criteria have been met subject to the conditions imposed at the end of this decision. (Criteria #5 and #8 are inapplicable.) Detailed discussion of Criterion 7 follows below.

The lots to be created by this short subdivision will meet all minimum standards or applicable exceptions of the set forth in the Land Use Code, and are consistent with applicable development standards. As conditioned, this short subdivision can be provided with vehicular access, public and private utilities and access (including emergency vehicles). Adequate provisions for drainage control, water supply and sanitary sewage disposal have been provided for each lot and service is assured, subject to standard

conditions governing utility extensions. The proposed plat maximizes the retention of existing trees, given existing and/or approved development. The public use and interest are served by the proposal since all applicable criteria are met and the proposal creates the potential for additional housing opportunities in the City.

#### **ANALYSIS –UNIT LOT SUBDIVISION (CRITERION #7)**

- A. *The unit subdivision provisions of SMC Section 23.24.045 apply exclusively to the unit subdivision of land for townhouses, cottage housing developments, residential cluster developments, and single-family residences in zones where such uses are permitted.*
- B. *Sites developed or proposed to be developed with dwelling units listed in subsection A above, may be subdivided into individual unit lots. The development as a whole shall meet development standards applicable at the time the permit application is vested. As a result of the subdivision, development on individual unit lots may be nonconforming as to some or all of the development standards based on analysis of the individual unit lot, except that any private, usable open space for each dwelling unit shall be provided on the same lot as the dwelling unit it serves.*
- C. *Subsequent platting actions, additions or modifications to the structure(s) may not create or increase any nonconformity of the parent lot.*
- D. *Access easements and joint use and maintenance agreements shall be executed for use of common garage or parking areas, common open space (such as common courtyard space for cottage housing), and other similar features, as recorded with the Director of the King County Department of Records and Elections.*
- E. *Within the parent lot, required parking for a dwelling unit may be provided on a different unit lot than the lot with the dwelling unit, as long as the right to use that parking is formalized by an easement on the plat, as recorded with the Director of King County Development of Records and Elections.*
- F. *The facts that the unit lot is not a separate buildable lot, and that additional development of the individual unit lots may be limited as a result of the application of development standards to the parent lot shall be noted on the plat, as recorded with the Director of the King County Department of Records and Elections.*

Review of this application shows that the proposed unit lot subdivision would conform to applicable standards of SMC 23.24.045 subject to the conditions imposed at the end of this decision. To assure that future owners have constructive notice that additional development may be limited; the recorded plat must include the following statement: *“The lots created by this unit subdivision are not separate buildable lots. Additional development on these unit lots in this unit subdivision may be limited as a result of the application of development standards to their parent lot pursuant to applicable provisions of the Seattle Land Use Code.”* A joint use and maintenance agreement will be required as conditioned at the end of this decision. Parking and open space will be provided per code.

#### **DECISION – UNIT LOT SUBDIVISION**

The proposed Unit Lot Subdivision is **CONDITIONALLY GRANTED.**

## **CONDITIONS – UNIT LOT SUBDIVISION**

### **Conditions of Approval Prior to Recording**

The owner(s) and/or responsible party(s) shall:

1. Ensure that the recorded plat include a joint use and maintenance agreement.
2. Add the conditions of approval after recording on the face of the plat or on a separate page. If the conditions are on a separate page, insert on the plat “For conditions of approval after recording see page \_\_\_\_ of \_\_\_\_.”
3. The easement as described by Seattle City Light Memorandum (Easement P.M. #250407-3-005) shall be included on the final plat.
4. Have final recording documents prepared by or under the supervision of a Washington State licensed land surveyor. Each lot, parcel, or tract created by the short subdivision shall be surveyed in accordance with appropriate State statutes. The property corners set shall be identified on the plat and encroachments such as side yard easements, fences or structures shall be shown. Lot areas shall be shown on the plat. The lot areas of each parcel shall be shown on the recording documents.
5. Ensure that the recorded plat include the following statement: “Unit lots resulting from this unit subdivision are not separate building lots. Additional development on any individual unit lot in this subdivision may be limited as a result of the application of development standards to the parent lot.”
6. Post an address sign to benefit all units at a location visible from the adjacent street right of way and provide an easement, covenant, or other legal agreement to ensure that the address signage is maintained.
7. Submit the recording fee and final recording forms for approval.

### **Conditions of Approval Following Recording:**

#### **Prior to Issuance of any Building Permit**

2. The owner(s) and/or responsible party(s) shall attach a copy of the recorded short subdivision to all permit application plans for any application for a permit to construct, demolish, or change use.

## **NON-APPEALABLE ZONING REQUIREMENTS:**

The owner(s) and/or responsible party(s) shall satisfy all requirements stated in the correction notice dated 8 April 2004.
